

NGP Capital Resources Company
Schedules Release of December 31, 2007 Financial Results,
Investor Conference Call for March 13, 2008 and
Annual Meeting for May 14, 2008

Houston, Texas – (PRIMENEWSWIRE) – March 4, 2008 – NGP Capital Resources Company (Nasdaq: NGPC) (the “Company”) today announced that it plans to publicly release its financial results for the quarter ending December 31, 2007 on March 13, 2008. The Company invites all interested persons to participate in its conference call on March 13, 2008 at 11:00 am Eastern Time. The dial-in number for the call is (877) 852-6579. International callers should dial (719) 325-4781. The pass code for the conference call is 7117425.

The Company will maintain an audio replay of the call from 2:00 pm Eastern Time on March 13, 2008 through midnight Friday, March 21, 2008. The replay dial-in number is (888) 203-1112. International callers should dial (719) 457-0820. The replay pass code is 7117425. The call will also be accessible for 30 days via the internet, on our Investor Relations page at www.ngpcrc.com.

During the call, management may discuss certain commonly used non-GAAP financial measures. If such measures are discussed, the Company will provide reconciliations to the most directly comparable GAAP financial measures in the earnings release.

The Company also announced that it will hold its 2008 annual meeting of stockholders on Wednesday, May 14, 2008 at The Coronado Club, 919 Milam, 5th Floor, Houston, Texas 77002 in the Houston Room at 10:30am CT. The record date for the annual meeting is March 17, 2008.

About NGP Capital Resources Company

NGP Capital Resources Company is a closed-end investment company that has elected to be treated as a business development company under the Investment Company Act of 1940. The Company's investment portfolio is principally invested in energy related private companies. From time to time, the Company may also invest in public companies. The Company invests primarily in senior secured and mezzanine loans in furtherance of its business plan and in some instances receives equity investments in portfolio companies in connection with such investments. NGP Capital Resources Company is managed by NGP Investment Advisor, LP, an affiliate of NGP Energy Capital Management. NGP Energy Capital Management, based in Irving, Texas, is a leading investment firm with \$9.3 billion of cumulative capital under management since inception, serving all sectors of the energy industry.

This press release may contain forward-looking statements. These forward-looking statements are subject to various risks and uncertainties, which could cause actual results and conditions to differ materially from those projected, including the uncertainties associated with the timing of transaction closings, changes in interest rates, availability of transactions, the future operating results of our portfolio companies, changes in regional, national, or international economic conditions and their impact on the industries in which we invest, or changes in the conditions of the industries in which we invest, and other factors enumerated in our filings with the Securities and Exchange Commission.

We may use words such as "anticipates," "believes," "expects," "intends," "will," "should," "may" and similar expressions to identify forward-looking statements. Undue reliance should not be placed on such forward-looking statements as such statements speak only as of the date on which they are made. We do not undertake to update our forward-looking statements unless required by law.

Persons considering an investment in NGP Capital Resources Company should consider the investment objectives, risks, and charges and expenses of the company carefully before investing. Such information and other information about the company is available in our annual report on Form 10-K, in our quarterly reports on Form 10-Q and in prospectuses we issue from time to time in connection with our offering of securities. Such materials are filed with the SEC and copies are available on the SEC's website, www.sec.gov. Prospective investors should read such materials carefully before investing.
